

# About the Programs

Because children develop mentally, physically, spiritually, socially, and emotionally at different rates, we are committed to providing biblically based, age-appropriate experiences to allow each child to progress in these areas at his/her own level of ability while enjoying feelings of success. This is primarily done through hands-on activity in learning centers and positive Christ-like role modeling of the staff.

Within The Creation Station Preschool, your child will participate in a variety of learning center activities that include art, books, blocks, puzzles, manipulatives, nature, music and dramatic play. Social skills are developed through sharing, taking turns, thinking, reasoning, and solving problems. Bible stories, thoughts, and verses are included in each teaching unit.

The Afterschool Station is another ministry of our Child Development Center. Our goal is to provide school-age children with a safe, caring environment after school and on summer break.

The Afterschool time is divided into sessions for homework or "quiet time", outside play, devotional time and special interest projects. During the summer months, and school breaks, we strive to provide fun and safe activities for the children to enjoy, including field trips.
